

Macao Government Tourism Office (MGTO) is privileged to continue as one of the supporting organizations of The 33rd International Travel Expo and The 14th MICE Travel Expo (HKITE). HKITE has long been an effective platform for MGTO to showcase the vibrant city and communicate with the trade partners and stakeholders in creating a mutually beneficial environment for the industry and consumers.

With the inauguration of the Hong Kong-Zhuhai-Macao Bridge, a new chapter has been unfolded for regional tourism cooperation. Macao actively participates in the Belt and Road Initiative and the Guangdong-Hong Kong-Macao Greater Bay Area development. MGTO looks forward to presenting Macao's new development and the aspiration to be the World Center of Tourism and Leisure to HKITE participants.

As 2019 marks the 20th Anniversary of the Establishment of the Macao Special Administrative Region, MGTO will massively promote different celebration activities of this meaningful occasion to international travelers. Moreover, MGTO continues the effort to unleash the cross-field creativity of Macao as a UNESCO Creative City of Gastronomy.

On the cultural end, during June to October, a brand-new international art event "Art Macao" will be held, shaping Macao into a platform for international art exchange in Asia. Additionally, in line with the smart city development strategy, MGTO is going to unfold different smart tourism projects to optimize visitors' travel experiences.

Hereby, wish HKITE another year of unparalleled success!
